Syntax highlighting 1

Syntax highlighting

We've made it easier for you to view syntax for the most popular languages by adding highlighting.

For example, here's syntax for obtaining a user token from NetApp Cloud Central:

```
POST https://netapp-cloud-account.auth0.com/oauth/token
Header: Content-Type: application/json
Body:
{
  "username": "<user_email>",
  "scope": "profile",
  "audience": "https://api.cloud.netapp.com",
  "client_id": "UaVhOIXMWQs5i1WdDxauXe5Mqkb34NJQ",
  "grant_type": "password",
  "password": "<user_password>"
}
```

As you can see, we've also added a Copy button to make it easy for you to copy the syntax to your clipboard.

Here's another example that shows JSON output:

```
[
  {
    "header": {
      "requestId": "init",
      "clientId": "init",
      "agentId": "init"
    },
    "payload": {
      "init": {}
    },
    "id": "5801"
  }
]
```

We hope that you find this enhancement helpful!
