Doc update for NetApp HCI

With the NetApp HCI 1.8 release, we're excited to announce that we added a lot more information about NetApp HCI in docs.netapp.com.

For this update, you'll find these new topics:

- A release notes section that gathers what's new and release notes for NetApp HCI, NetApp Element software, management services, and NetApp Element Plug-in for vCenter Server all in one place
- A new getting started installation and deployment overview
- More how-to's related to expanding and monitoring your system
- A section for basic concepts, such as what clusters and nodes are and an explanation of quality of service levels that you can set to manage performance
- A centralized location for how to upgrade NetApp HCI end-to-end, including how to update management services, HealthTools, Element software, and the Element Plug-in for vCenter Server

Take a look and contribute to this documentation for NetApp HCI. You can edit, request a change, or even send feedback. Go to [NetApp HCI documentation](#) to begin.
